

ERRATUM

Erratum to “Technique of rotational forceps delivery using UTokyo Kielland Forceps”

[Hypertens Res Pregnancy 2017; 5: 26–27]

Jun Takeda, Shintaro Makino, Atsuo Itakura, Satoru Takeda

Department of Obstetrics and Gynecology, Juntendo University Faculty of Medicine, Tokyo, Japan

We have revised the manuscript because there were several mistakes in the usage of word at the section of Video Legend (Hypertens Res Pregnancy 2017; 5: p. 27). The authors are extremely regretful for this mistake, and we would like to publish the erratum below to correct the mistakes.

incorrect

Video Legend

The video image of UTokyo Kielland Forceps delivery. The video comprises nine sections, as follows: Simulated holding of the forceps, Application of the right blade as a posterior blade, Application of the right blade as a posterior blade, Joining of the forceps, Trial rotation and trial traction, Rotation, Traction: downward-horizontal-upward, episiotomy, and removal of the forceps.

correct

Video Legend

The video image of UTokyo Kielland Forceps delivery. The video is consisted with nine sections: Simulated holding of the forceps, Application of the left blade as an anterior blade, Application of the right blade as a posterior blade, Joining of the forceps, Trial rotation and trial traction, Rotation, Traction: downward-horizontal-upward, episiotomy, and removal of the forceps.
