

## Errata for *J. Oleo Science*, Vol.71, No.2, p.168 (2022)

Metallosurfactants Consisting of Amphiphilic Ligands and Transition Metals: Structure, Bonding, Reactivity, and Self-assembling Property

**Fig. 1**

**Error**

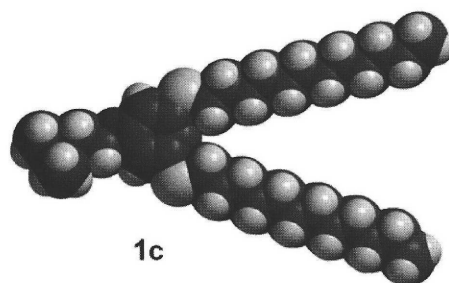

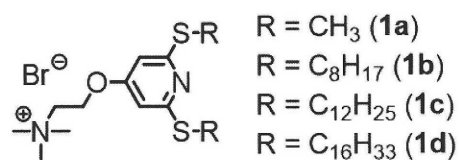

Fig. 1 Structures of amphiphilic pyridine ligands **1a-d** and optimized structure of **1c**.

**Correction**

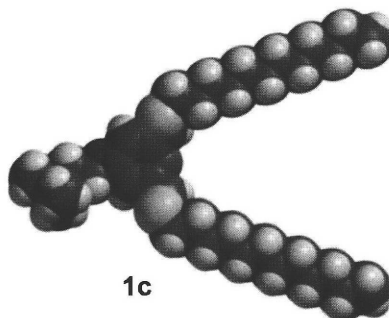

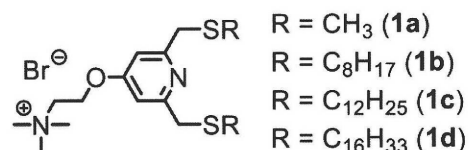

Fig. 1 Structures of amphiphilic pyridine ligands **1a-d** and optimized structure of **1c**.
